

An iceberg floating in the ocean. The tip of the iceberg is above the water, while the much larger base is submerged. The background is a clear blue sky with some clouds.

# Project Management & Prestaging

**Streamline project management for superior customer satisfaction, operational efficiency and enduring service.**

Repairs, prestaging & logistics for the telecommunications & IT industry

**MULTIMESSAGE**

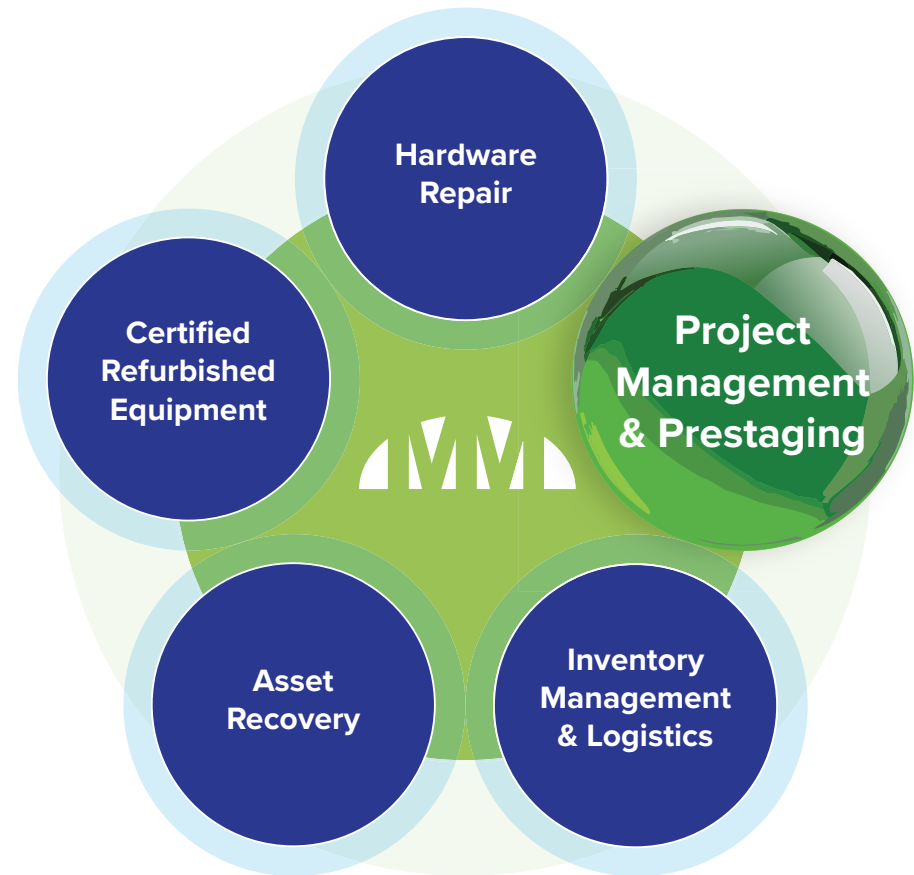

Enhancing Operational Efficiencies

# Project management made easy

Simplifying project management, we enhance customer experience, boost operational efficiency and ensure service sustainability. Our approach adds that special touch for seamless project execution, demanding minimal effort from partners. Our tailor-made portals provide project managers complete oversight and control over all projects, regardless of size.

## Hardware lifecycle

Project management & prestaging is just one aspect of our **'Hardware lifecycle services'**; ensuring we support the full product lifecycle, enabling partners to be more efficient and sustainable.

Multimessage is ISO9001 & ISO14001 certified for our quality & environmental management systems.

# We make your projects a success.

## Operational priorities

- Logging goods received from distributors against purchase orders
- Assigning inventory to specific projects
- Providing project managers complete transparency of stock levels
- Seamless communication between companies
- Managing project orders
- Visibility of project cost and management
- Repurposing surplus project inventory for business use

## Why Multimessage?

Multimessage are ISO9001 certified and have a unique attention to detail; we are quality and customer focused. Our automated processes and transparent methods will de-stress project managers, ensuring there is very little waste/excess stock and that project timescales are met to maintain high customer experience.

## Prestaging facility

Multimessage have a dedicated prestaging facility to preconfigure equipment prior to deployment, saving engineering time on site as well as checking for any DOAs or faulty equipment.

## Helping you grow

We simplify inventory management for ambitious businesses, exceeding expectations because there are no limits to what we can help you achieve.

## Benefits

- Utilise excess stock for other projects
- Dashboard for KPI's
- Custom reports
- Link with procurement
- Procurement BOM upload
- API integration

# Partner feedback

“MM project portal has completely simplified the order and delivery process. I have clear visibility of all my delivered and stored products, accurate updates as they come in and go out and a very simple order process.”
